ESTABLISHED IN

Young Woman Held As Jewel Thief

Caught in a police net in San Bruno Monday night was attractive sandy-haired, blue-eyed Elinor Crawford, alias Elinor Koepke, 23, who admitted, police said, stealing jewelry from the Bellevue Inn on El Camino Real.

Suspicious of the girl after a visit December 20 when he missed a stickpin and wrist watch valued at \$215, Frank Batmale, proprietor of the inn, laid the trap. He placed two valuable rings on his dresser in rooms adjoining the eating place. Sometime later when he found the rings missing he telephoned police.

Police found the rings in the girl's possession. She confessed, and admitted stealing the wrist-watch and stickpin last month, they said.

Chief of Police William Maher disclosed that the girl was arrested in San Francisco June 17, 1937, for forgery and petty theft. She won six months' probation.

At the county jail she said she lived alone at 2232 Pacific street, and that she worked part-time on the switchboard at Heald's Business College. She said she was married but separated from her husband.

Treasure Island, site of the Golden Gate International Exposition in 1939, will be eight minutes from San Francisco by ferry.

TREE PLANTING ALONG STREETS IN CITY IS URGED

More Redwood City streets lined with trees.

That was the object of a movement undertaken by the city council Monday on suggestion of Mayor Paul A. McCarthy.

Pointing out that a city whose streets were entirely lined with trees would be a far more beautiful city than one whose streets were bare, Mayor McCarthy successfully sought endorsement of his idea by the council. He pointed out especially how the Central Park area had been improved by tree planting.

As a result, an appeal is made to property owners to plant trees in front of their homes.

To encourage the planting, it was decided that the city would offer help in the form of advice by its park superintendent, Roger Walsh, as to the best kind of trees to plant, from the standpoint both of facility of growth and conformity to present planting plans. One variety of tree which should not be planted, it was agreed, is the black acacia, whose roots damage sidewalks and which otherwise is not a desirable tree.

It was also decided that an attempt would be made by the council to find a youths' or men's organization which would undertake to supply the physical labor involved in tree planting where the householder was unable to do the work.

Fire Damages Auto In Garage at Home

Fire on Monday did minor damage to the automobile of Earl Hardy, 130 Jackson avenue, as Hardy attempted to start it in the garage back of his home. Redwood City firemen, called to the scene at 10:30 a. m., put out the blaze with a fire extinguisher. Hardy said he believed it was caused by defective wiring.

The Spanish Inquisition began in the 15th and 16th centuries and was not wholly abolished until 1834.

GRANT OF POWER FRANCHISE DELAYED FOR WEEK BY COUNCIL

Expected to be acted on at Monday night's council meeting, the proposal to grant a franchise to the Pacific Gas and Electric Company, expected to yield approximately \$2180 a year, was continued a week when City Attorney Mansfield reported that a League of Municipalities meeting on the subject of franchises is planned for Northern California city attorneys in San Francisco this Friday.

Also continued to a special meeting next Monday was the request of Harold Vandervoort, Burlingame-San Mateo bus line operator, that the council discuss with him feasibility of establishing a bus line in Redwood City. Vandervoort, it was decided, would be invited to bring one of his buses to Redwood City next Monday at 7:30 p. m. and discuss the situation with the board. Procedure, it was explained, would be for the operator to secure permission from the California Railroad Commission to establish a line. Object of bringing it before the council would be to secure their moral backing.

Also up at next Monday's meeting will be reconsideration of the acquisition of Central School on Broadway for a city hall. At suggestion of Councilman Eva, it was decided to reopen the subject, inasmuch as the school board has received no bids on their offer to sell the property.

Next Monday's meeting was called primarily to consider means of disposing of the lots secured in the past few months through quitclaim deeds from owners who had gone badly delinquent in payment of 1915 act improvement bonds and taxes.

It had been expected the repossessed property would be offered for public sale several weeks ago, but unforeseen difficulties in securing clear titles due to procedure necessary to conform with the city charter have delayed the sale.

In fact, the difficulties encountered necessitated a 50-minute private session of the council with Manager T. J. Hallinan of the California Pacific Title and Trust Company and Clifton Woodhams of the San Mateo County Title Company.

This conference, held in the city hall, delayed start of last night's council meeting, held in the firehouse auditorium, till 8:30 o'clock.

It is expected now, due to necessity of amending the tax ordinance and advertising of the lots, that they will not be ready for sale until another month.

What change to make in quality or rates for water in Redwood City, due to recent wholesale rate cuts in San Francisco, also will be considered next Monday, it was decided.

Put on the calendar for consideration at the first meeting in February was the termite question, brought up again by Councilman Eva.

'Getting the Jump' On Wash Day Easy

"Getting the jump on wash day" by spending a few minutes the night before is suggested to householders by W. D. Ryan of Ryan Furniture Company, representative here for the new Bendix home laundry, an automatic machine which will wash, rinse and damp-dry clothes ready for the line while the operator is asleep.

On the night before any wash day, a housewife may place a batch of clothes in the machine for a relatively few minutes of pre-soaking, Ryan explained, and after a quick draining, soap is added and the twist of a couple of electric dials which govern temperature of water and time desired for washing does the rest of the work. A housewife may retire for the night after setting the dials and find her clothes ready for the line in the morning, the machine meanwhile having been turned off automatically at the end of its job during the night.

Before breakfast the first batch of clothes can be removed, and another can be added for the same automatic process. The second batch will be finished when breakfast is over and the morning dishes attended to, and even if a third batch is left for attention, wash day can be terminated and all clothes on the line by mid-morning.

Gardening is sometimes referred to as "Adam's profession."

FOUR YEARS OF HOLC OPERATION HERE TOLD

(Complete records of the transactions of the Home Owners' Loan Corporation, as relating to San Mateo county, are kept by Winfield Scott, at the request of bankers, financial institutions, real estate operators, contractors and others. Mr. Scott's record, brought down to January 1, 1938, is published herewith.—Editor.)

By WINFIELD SCOTT

This study of the operations of the Home Owners' Loan Corporation in San Mateo county, includes all transactions of whatever nature shown on the records of the county clerk and the county recorder in Redwood City—from the date of the recording of the first mortgage on November 24, 1933, up to and including December 31, 1937. The period thus covered is slightly over four years.

Recapitulation of the transactions develops the following totals:

Loans Made—	Number	Face of Loans
Mortgages	757	\$2,557,903.62
Trust Deeds	6	15,275.00

Totals	763	\$2,573,178.62
Loans Released—	Number	Face of Loans
Paid Off	36	\$126,785.18
Assigned	1	7,000.00
Redeemed After Foreclosure	1	2,877.31

Totals	38	\$136,662.49
Casualties—	Number	Face of Loans
Foreclosed, Sold to HOLC	19	\$86,134.09
Deeded to HOLC After Suit Filed	10	42,065.52
Deeded to HOLC, No Suit Filed	15	55,652.36

Totals	44	\$183,851.97
Foreclosures—	Number	Face of Loans
Pending	10	\$45,222.52
Net Remaining In—	Number	Face of Loans
Good Standing	671	\$2,207,441.64
Average Value		3,289.77

PERCENTAGE OF CASUALTIES

The net casualty list noted above should be further reduced by the fact that six of the 44 houses repossessed have been sold. The deeds bore a total of \$18,550 internal revenue stamps attached, indicating a sale price of \$18,550. Trust deeds to the total of \$15,275 were taken to secure payment of unpaid balances due. This reduced the face value of the casualties from \$183,851.97 to \$165,351.97.

Property actually possessed thus represents 6.46 per cent of the face value of all loans made; and that over a period of slightly more than four years.

The HOLC has 38 houses remaining for disposition to cover the face of loans on this repossessed property.

There is no reason to believe, judging from the records in the county clerk's office, that all of the 10 loans, on which the HOLC had brought action to foreclose and pending December 31, will all be foreclosed. The clerk's record of dismissals shows that quite a number of foreclosures have been instituted, only to be dismissed at a later date, indicating that the borrower has made satisfactory arrangements to continue payments. The policy of the HOLC evidently remains unchanged, which is to give the borrower every possible opportunity to hold his property.

VALUE OF LOANS

It is impossible to give the present value of the loans in good standing, stated above as having a face value of \$2,207,441.64. Naturally there are no records of this at the county courthouse, any more than of other real estate loans. Estimates made by two independent authorities place the amount of payments made on principal at about 8 to 10 per cent. This would place a present value of the loans at about \$2,000,000.

OPERATIONS IN THREE CITIES

Records as to loans in the three largest cities of the county, up to December 31, 1937, are as follows:

Burlingame—	Number	Face of Loans
Original Loans	179	\$750,811.68
Paid	6	23,723.46
Assigned	1	7,000.00
To HOLC	8	38,140.24
Foreclosure pending	4	21,499.16
In Good Standing	180	660,448.82

Note: One mortgage partially released. Amount not stated.

San Mateo—	Number	Face of Loans
Original Loans	99	\$440,442.38
Paid	5	17,961.98
To HOLC	7	54,512.12
In Good Standing	87	367,968.28

Redwood City—	Number	Face of Loans
Original Loans	123	\$391,988.60
Paid	8	35,890.60
To HOLC	11	37,934.28
Foreclosure Pending	2	10,421.13
In Good Standing	102	307,742.59

Should information as to other cities and towns be desired, it will be furnished if request is mailed to me at Redwood City.

Girl, 6, Is Bitten By Police Dog Here

Corvella Jenkins, 6-year-old daughter of Mr. and Mrs. K. R. Jenkins, 319 Roble avenue, Redwood, was treated Monday morning for dog bites incurred when a police dog, owned by H. Dombalian, 253 Roble avenue, attacked the child, Allan McKay, city poundmaster, reported.

The animal was impounded for observation at the request of Dr. Jewell A. Booth of San Mateo, who treated the girl. The dog showed no unusual symptoms, McKay said but had not been inoculated.

James Woods Dies At Menlo Park Home

James Woods, prominent horseman who made his home in Menlo Park at 849 University drive, died there Monday following a lingering illness. He was 84 and a native of Scotland.

He is survived by his wife, Eliza Jane Woods; three daughters, Mrs. Mary Mitchell, San Francisco; Mrs. Margaret Bacon, Portland, Ore., and Mrs. Harry Fowler, address unknown, and a son, James Woods Jr., now in Canada. Another son, Johnny Woods, a jockey, died several years ago.

Meeting Slated To Aid Return Of '101' Signs

A peninsula-wide meeting at which enthusiasm will be worked up for return of "U. S. Highway 101" signs to El Camino Real and for widening of the rest of the thoroughfare between Redwood City and Palo Alto before the world's fair next year was announced here.

Sponsored by the recently-formed El Camino Real Association, the dinner gathering will be held at the Benjamin Franklin Hotel, San Mateo, on Wednesday, January 26, according to City Councilman Evans A. Fletcher, one of the committee members arranging the affair.

Howard Horwath, secretary-manager of the Mission Trails Association, will be speaker at the "Dutch treat" banquet. Supervisor Chairman Hugh H. Smith will preside. He is president of the El Camino Real Association.

Anyone interested in attending the meeting should make reservations with the local chamber of commerce, according to Jack Lawrence of Palo Alto, secretary. Tickets are \$1 each.

At least 250 city officials and public-spirited citizens will attend, Fletcher predicted.

To be sought primarily is return of the signs from the Bayshore highway. At present El Camino Real, scenic and interesting drive which goes through nearly all peninsula cities, is known as "101 alternate," while the Bayshore, although fast but passing through unsightly districts, bears the primary designation and thus draws the tourist traffic.

To aid work of the El Camino Real Association, formed to secure return of the signs, the Redwood City City Council last night voted \$10 toward the organization's expenses. Similar contributions have been made by Sunnyvale, Burlingame and San Mateo councils, Mayor Paul A. McCarthy said.

Heiress Fined \$150 For Carrying Weapon

Anne Marie Kitterman, gun-toting Alameda resident who was arrested December 29 in San Francisco for carrying a concealed weapon, was ordered to pay \$150 fine or spend 60 days in the San Francisco county jail by Judge Twain Michelsen Saturday.

Four times during the hearing the judge halted proceedings to warn the woman against outbursts. At the conclusion of the trial she shouted: "It's because I made a fool of you in your own court that you do this to me."

Miss Kitterman now has a permit to carry a gun. It was issued Tuesday by Sheriff James J. McGrath, who has stated that he will not revoke it until he has investigated thoroughly.

Arthur Hyman, Miss Kitterman's attorney, said she has a month in which to pay the fine. He said she has reached no decision on whether to pay the fine or go to jail. Hyman indicated there was little chance of success on appeal.

Benefit Show Details Told

Plot of the Redwood City Kiwanis Club's "treasure chest of sparkling fun and frolic" to be presented the nights of February 3 and 4 in Sequoia high school auditorium was revealed here by Dean Williams, director, as he began enlisting the local talent which will stage the show for benefit of the club's underprivileged child fund.

The main scene is laid on the deck of a pirate ship. The scenery and costumes, furnished by the John B. Rogers Company, are lavish and will aid in making the show one of the best ever seen here, in opinion of Co-Chairmen A. C. Argo and Louis Christensen, who, with other members of the club, met with Director Williams yesterday.

One of the most rollicking scenes of the show will be the "Trial of Mary Google," a courtroom scene taken from a Broadway hit.

The show, a combination of the old-time minstrel show and modern revue, has broken many records for popularity through the United States and Canada.

Tickets will be on sale beginning tomorrow. Chairmen of the ticket committee are Carl E. Ward and Duncan Reynard. They will be aided by James P. Hagan, L. A. Behrens, Henry Witte, A. S. Ligouri, Andrew Spinas, J. E. Layng, V. A. Jones, Max Leonard, Cuthbert B. Currie, and Bert L. Werder.

The first rehearsal is set for tomorrow night at 8 in the firehouse auditorium. All interested in participating in the show are urged to attend the rehearsal to try out for a part. Rehearsals will be short, the director said. An outline of the cast was to be made today at the Kiwanis Club meeting.

Pianist for the play will be Clara Bray. One of the musical numbers will be "Head for the Pirate Bay."

RETIRED PASTOR DIES WHILE ON WORLD CRUISE

Death in Colombo, Ceylon, of Rev. Walter H. Cambridge, rector emeritus of the Church of St. Matthew, San Mateo, president of the board of directors of Mills Memorial Hospital, and prominent California Episcopal churchman, was reported Wednesday by cable to friends.

Mr. Cambridge died in a Colombo hospital, where he had been confined for some time after being stricken while on a trip around the world.

Cause of death was not learned immediately. At the time of his passing, Rev. Cambridge was also president of the standing committee of the Episcopal diocese in this area and chairman of the building committee of Grace Cathedral in San Francisco.

He retired from active rectorship of the Episcopal Church of St. Matthew in 1932 after serving since 1911.

Mr. Cambridge was born in Vermont. He obtained his bachelor's degree from the University of Vermont in 1894, later receiving a doctor of divinity degree from the same institution.

Before coming to the peninsula, he was a master in St. Mark's School, Southborough, Mass.

Surviving relatives are not known, but it is believed he has a brother in the East and another in Southern California.

Plans for a memorial service were being made today by Rev. Lindley H. Miller, present rector of the Church of St. Matthew.

News of the death of Mr. Cambridge brought sadness to many prominent peninsulaans at whose marriages he had officiated. One of the most recent wedding ceremonies solemnized by the late churchman was that of Judge A. R. Cotton.

Letters From France Awaited by Students

Students of the Sequoia high school advanced French classes taught by Miss Helen Clark are awaiting replies from French correspondents in Rheims, Brest, Amiens and Lyons, France, to whom they have written. Addresses of the correspondents were secured through the Student Forum on International Relations in San Francisco.

The exchange of letters, it is hoped, will bring about a greater interest and knowledge of France, its language and customs, Miss Clark declared.

MENLO PARK NEWS NOTES

James Woods, a noted horseman, passed away at his home here last Monday at the ripe age of 84 years. He owned and trained many fast runners that won fame on the turf in this state. The old Bay District track and the one in Alameda county were the scenes of triumphs for Mr. Woods' horses over 30 years ago. On one race Woods made a "clean-up" of \$5000. He knew the race business thoroughly. He trained his horses and his son, Johnny, rode them.

In his declining years, with his friends gathered around him, he loved to tell of the days when racing was in its glory in California and when his stables won fame and money for him. He possessed a retentive memory, vividly recollecting events of those bygone times and names of the famous people who followed the races nearly a half century ago.

Mr. Woods is survived by his widow, three daughters and one son. Mr. Woods had been a resident of Menlo Park for many years and was highly respected by everyone.

Pres. Clarissa Ross of Menlo Park American Legion Auxiliary Unit No. 443 and Dist. Co-operating Sales Chairman Isabelle Weeden Lindquist attended the 26th district meeting in Daly City last Friday night. Louis Chess was present and explained in detail the Jubilest, which will be held at Belle Mont Country Club February 12. Comrade C. Whitney was also a guest of the

Three Youths Plead Guilty

Two men charged with negligent homicide faced Judge Maxwell McNutt Monday.

Matt Nitschke, 23, Sunnyvale, driver of the car which figured in a sanguinary Burlingame accident September 5 in which an entire family was killed, applied for probation after the judge denied his motion for new trial. Hearing on the motion was set for Friday.

Nitschke was charged with negligent homicide after the death of Margaret M. Durney, 43, widow of a San Jose physician; her daughter, Mrs. Marie Downing, 22, and her son, Charles Paul Durney, 15. Port Story Carried In National Paper

That the message of Redwood City's new port was carried in a newspaper of national distribution—the Christian Science Monitor—has been learned here by Mayor Asa Hull of San Carlos, who was sent a copy of the article, titled, "A Window on the West." The story was carried the latter part of last year. It tells of the history of Redwood City and its port.

Realtors Ask Consideration

Real estate men through the Redwood City District Real Estate Board Monday in a communication to the city council sought representation on city commissions and boards, asserting that the board believes "that discrimination is being shown against its members."

"In view of the fact that the Redwood City District Real Estate Board have always given full support to these various projects (improvement, harbor, etc.) we are at a loss to understand why we have not a single member of our board serving in any capacity," said the letter, signed by Teddy Lauman, secretary. "Many of our members have been here most of their lives and some were born here, and we all have the community very much at heart."

Councilmen appeared surprised at the letter, pointing out that two realtors, Daniel R. Stafford and Henry Witte, were members of the city planning commission. Regarding the present vacancy on the board of port commissioners, it was recalled that the council had previously agreed it would not be the best policy to put a real estate operator on the board.

As a result, it was decided to keep the communication in mind for consideration when another vacancy on a city board occurred. No action toward appointing a port commissioner was taken last night, Manager C. L. Dimmitt, who has the appointing power, reporting that he was not ready yet to make a recommendation.

Duncan Reynard Named President Of Local Chamber

Duncan Reynard of 1237 Hopkins avenue, district supervisor for the Pacific Gas and Electric Company, today succeeded Perry A. Bygones as president of the Redwood City Chamber of Commerce, as the result of an election held late Tuesday by the board of directors.

Reynard, a holdover director, was elected to the post unanimously. His term is for one year.

The directors also re-elected Roscoe D. Wyatt as secretary-manager and named Sam H. Winklebleck, publisher of The Tribune, as vice president, and Carl E. Ward, branch manager of the American Trust Company, as treasurer.

In drawing for terms, it was determined that two-year terms would be served by Ward, J. A. Buhler and W. M. Werder and one-year terms by Reynard, Winklebleck, Louis C. Christensen, Joseph Teritto and Clifton Woodhams. Robert L. Squires, holdover director, serves one more year.

The directors reappointed Henry Witte as chairman of the highway committee; W. D. Ryan, chairman of the merchants' committee, and Clifford Walk, chairman of the aviation committee.

Placed on the budget committee were Ward, Buhler and J. E. Morish. Other business included the decision to protest to the California Highway Patrol reduction in personnel of the San Mateo County staff and the passing of a resolution urging return of "U. S. Highway 101" signs to El Camino Real.

Start Slated January 31

A variety of 15 courses will be offered adults attending Sequoia Evening High School during the coming semester, which opens January 31, it was announced here by Principal S. S. Mayo.

The courses will continue until June 2, the registration fee for that period being \$1. An extra charge of 50 cents is made for those taking gymnasium subjects.

To be offered Monday and Wednesday nights are art, craft, book-keeping, business arithmetic, conversational Spanish for both beginners and advanced students, and woodshop. Also offered Wednesday nights will be business English and public speaking and men's gymnasium and swimming. Classes that will meet Tuesdays and Thursdays include English and citizenship for foreigners; drafting, both mechanical and architectural; sewing, shorthand for both beginners and advanced students, typing for beginners and advanced students, and women's gymnasium and swimming.

The staff of instructors includes Gladys Bruce, Carl Underwood, Alice Rose, Tom Carleton, Mrs. Eleanor S. Faure, Mrs. Lillian Wyatt, Edwin De Smith, Marion Hosmer, Maribel Shimmmin, Grace Strobel, Adrian Butler, Arthur Gleditsch and James N. Eva.

Four semester periods of work, with 40 to 60 minutes to a period, carried over a minimum period of 16 weeks, will entitle the student to one semester hour of credit (one-half unit of credit), according to Mayo's announcement.

The night school will observe the same holidays and vacation periods as the day school, Mayo said, with announcements of holiday dates to be made.

Additional subjects will be given as demanded, he said, with plans already under way for home decoration, mathematics, dramatics, play production and conversational French.

Old Age Aid Gain Seen for February

San Mateo county's old age payroll for February 1 will increase \$500 over January, according to preliminary estimates made by Dr. Charles C. Gans, county welfare director.

The February payroll will total \$25,042, compared to \$24,497 for this month. In addition the county will pay \$4,400 for orphan aid and \$850 to dependent blind.

Direct aid expenditures will total \$925, according to the estimate.

New Methods Studied Here

San Mateo County's fire fighting apparatus won high praise today from Prof. Woodbridge Metcalf, dean of forestry at the University of California, and F. M. Bailey, forestry commission from Sydney, Australia.

Bailey, who is making a world tour to study methods and equipment used in combating forest fires, said he considered the department under Fire Warden Bert L. Werder among the most advanced he had seen anywhere. Bailey is en route home after having toured Africa and Europe.

He was particularly struck, Werder said, with the mobile lighting plant, and the "fog" nozzles invented by the San Mateo County department to shoot a smothering needle spray under more than 200 pounds pressure.

Bailey also showed marked interest in the trucks with side sprays used to fight grass fires. According to Werder, the equipment makes it possible for three men to control a running grass fire in a remarkably short time.

Bailey said it has been the custom in Australia to allow recurrent brush fires to burn themselves out each year, but the loss has been increasing so rapidly that it has become necessary to study ways and means of controlling the fires.

That some of the equipment used in San Mateo County may be copied by Australia was a distinct possibility, he told Werder.

\$32.50 in Fines Taken by Court

Donald D. Ivory, San Francisco, was fined \$25.00 by Justice of the Peace Edward I. McAuliffe in the traffic court session Saturday which swelled receipts by \$32.50.

For failure to stop at arterial signs, the following were fined \$2.50 each: William O. Hogg, Friendly Acres; Paul B. Kneyer, Palos Verdes; John A. Herbaugh, Friendly Acres; Leon E. Merrill, Palo Alto; Leverett T. Spaulding, Menlo Park and Don DeClerico, San Francisco.

Vladimir M. Sycheff, 1431 Waverley street, Palo Alto, charged with creating a dangerous situation on Bayshore highway in Saturday night traffic by towing a disabled car without lights, was given a suspended sentence.

Grant's tomb on the Hudson was built by popular subscription at a cost of \$600,000.

Legion to Aid Annual Dance

Support of American Legion posts and auxiliary units throughout the county to the annual President's Birthday Ball for the aid of infantile paralysis sufferers has been pledged to General Chairman Joseph V. Gaffey.

Assistance of the 28th district groups in making a success of the county-wide celebration January 29 at Tanforan clubhouse, San Bruno, was volunteered by Comm. Lee H. Williams of the legion, and Pres. Jessie Zant of the auxiliary.

Commander Williams appointed the following Legionnaires to aid the floor committee: George Mann, C. H. Whitney, Lee Freeman, Burlingame; Phil Baker, Arthur Tyo, Frank Gomes, 'San Mateo'; Les Strader, Millbrae; Eugene Signarowitz, South San Francisco, and Comm. A. G. K. Jacobsen, Daly City. Carleton W. Herrmann of Burlingame will head the committee on checking arrangements, and John Kamin, Burlingame, and C. J. Miller, Daly City, will assist the special door committee.

At a meeting of vice chairmen with Gaffey at the San Mateo City Hall yesterday afternoon the San Bruno Legion post was asked to take charge again of decorating the Tanforan clubhouse.

A committee composed of Gaffey, Amadee Chanteloupe of San Mateo, and Joe Cuneo, San Carlos, was named to select an orchestra for the event. They were instructed to secure the best dance band available. Five orchestras already have filed applications.

'Mistake' Marriage Results in Divorce

Because she made the "mistake" of failing to provide her husband with a new automobile and airplane, Mrs. Alma Walker McKee, prominent socially and formerly proprietor of a women's apparel shop in Palo Alto, was granted a divorce in San Jose Saturday.

She testified that her husband, Donald McKee, son of Dr. and Mrs. A. B. McKee of Woodside and a graduate of Stanford, called their marriage a mistake when she failed to buy the plane and car, and that he failed to provide for her. Married in Reno November 19, they separated two days after Christmas.

Mrs. McKee has returned to her home in Palo Alto. McKee has gone to Los Angeles to join his brother Albert in the lumber business.
